## WILL BE HENDERSON.

He Will Succeed Congressman Reed as Speaker of the House.

## HAS VOTES TO SPARE.

His Manager Claim He Has Pledged Already Two More Than Necessary to Elect and More Yet to Come.

Washington, June 6.—Congressman Henderson of Iowa, will be the next speaker of the house. His managers claim he has already two more than a majority without the assistance of New York's vote, even if it should decide to abandon Mr. Sherman and declare for Henderson.

The following are the figures given by General Henderson friends as to the number of pledged votes thus far: Iowa, 11; Illinois, 14; Indiana, 9; Maryland, 4; Massachusetts, 10; Michigan, 12; Minnesota, 7; Ohio, 15; South Dakota, 2; Wisconsin, 10; Wyoming, 1, making a total of 95, or two more than a majority.

In addition to the foregoing the Henderson men state that he will also have a majority of Pennsylvania's 20 votes, 6 in California, 8 in Kansas as well as 1 or 2 from Connecticut, New Jersey, Tennessee and Washington.

This will put his vote about 125, and there will be very little left for anyone else.

Who will be the leader on the Democratic side in the house, remains yet to be determined.

### New York For Henderson.

New York, June 6.—The New York congressional delegation decided to support Congressman Henderson, of Iowa, for speaker.

### Enthusiastic Bryan Meeting.

Washington, June 6.—The Democrats of the District of Columbia held an enthusiastic meeting Monday night at which, after many speeches eulogizing Bryan and endorsing him for the next president were made, there was forwarded to Mrs. William J. Bryan of Nebraska a fine marble bust of her husband for presentation to her on her birthday June 7. The letter of presentation adopted says it is to adorn the home wherein her womanly devotion to the ideals of the republic have strengthened her husband's fight and that his work evidences the constant devotion of wife and home. A handsomely embossed letter accompanied the bust.

### Fitzsimmons-Jeffries Fight.

New York, June 6.—Fitzsimmons and Jeffries have finished all hard work on the preparations for their big fight at the Coney Island sporting club Friday night. Their work from now on to Wednesday will be of the lightest kind. Although little attention has been paid to the training of the pugilists, compared with that shown the work of contestants in previous championship battles, both have put in weeks of hard, conscientious training and are in good shape. Both claim to be in perfect condition.

### Shot From Ambush.

Chattanooga, June 6.—Sherman H. Reese, assistant superintendent of the Ducktown sulphur and copper works, was shot from ambush and killed by unknown parties near Isabella, Polk county. Reese was going to his home from the copper mines and was passing through a piece of dense woods. The affair has created a great sensation. Bloodhounds have been sent from the city and were put on the trail.

### Longest and Heaviest Pull.

Cincinnati, June 6.—The Big Four's mammoth new freight engine No. 703, reached here Monday on a run of 1001 miles from Newport News to Chicago, with 77 loaded freight cars. The run is the longest on record either by a freight or passenger engine, with the heaviest train that any locomotive has ever pulled for any distance. The bare engine weighs 185,000 pounds and the water tank has a capacity of 6000 gallons.

### Will Go to the States.

Washington, June 6.—The war department has solved the question as to the disposition of the artillery captured from Spain in Cuba and Porto Rico by turning the whole matter over to the governors of states. One gun will be allotted to each state and the governor is asked to decide what disposition shall be made of the gun for his state.

### Recovered His Bride.

Guthrie, O. T., June 6.—A citizen of the territory, whose bride was recently stolen away from him the night of their marriage, has recovered her after a long search. He located her in Arizona, and recovered possession of her by legal process.

### Aged Lady Found Dead.

McKinney, Tex., June 6.—Grandma Tolbert, an aged lady residing in Melissa, was found dead in bed at the residence of Dr. Woodall at Blue Ridge where she was stopping for the purpose of receiving medical treatment.

## AFFAIRS IN SAMOA.

Both Factions Are Disarmed and the Commission Will Find Peace.

Apia, May 31, via Auckland, N. Z., June 6.—Malioto and Tamasese visited the members of the Samoan commission on board the United States transport Badger, and Mataafa visited them the following day. Neither of them were recognized as king. Mataafa expressed his willingness to abide by the decision of the commission and blamed the Europeans for the trouble here. The commissioners informed him that they had the power to establish a government with or without a king. Mataafa thought the Samoans should have a king, but expressed his willingness to disarm his followers and leave the matter in the hands of the commission.

The Germans acted for the first time in many months, with representatives of other powers and officially sent a guard ashore. The naval authorities and mission societies have submitted views to the commission and the latter by proclamation, fixed May 27 as the date for the natives to surrender their arms. Mataafa, however, asked for an extension of time until today, when he would surrender 1800 guns on board of the Badger. The Maliotoans are now disarmed.

The United States cruiser Philadelphia, flying the flag of Admiral Kautz, sailed May 31 and the British and German consuls, Maxse and Herr Rose will proceed to Europe June 17.

Queen Victoria's birthday was celebrated with great rejoicing by about 3000 strong men of the Malioto party, the party attending the festivities at Malinuu in the presence of the British consul and naval officers. The procession visited the graves of British and Americans, then marched to the graves of the Germans who were slain in the battle of Fagalt in 1879. The Americans fired a salute over the German graves.

All the warships will probably leave Samoa at an early date. The commissioners are reticent but it is understood that they are considering the reduction of cost in the administration established by the Berlin treaty, and the number of officials may be reduced.

Residents of Apia express dissatisfaction at the indications given by the commission that the rebels will not be punished, and they also will be paid for arms illegally imported. They consider this a bad precedent, but admitted that this was too early to criticize the action of the commissioners.

American engineering staff arrived here and proceeded to erect a naval jetty and coal stores at Pago-Pago.

Judge Mulligan, former American consul, arrived here to conduct the compensation of the claims and to defend Mataafa. But the commission has intimated no notice will be taken of claims beyond recording them, and it is possible the commission will ask each power to compensate their own citizens on subjects, as the case may be.

### Sold to Its Rival.

El Reno, O. T., June 6.—Mountain View, O. T., the new terminal town on the Chickasha extension of the Rock Island, has broken another record. There has existed a rival town a mile and a half west, and it was deemed advisable that both towns be one. After a week's diplomacy the protocol was signed and the towns are now one. The consideration was raised by the enterprising citizens of Mountain View, and amounted in total to \$134,350. Now Okdale, the rival, is on wheels and strung out on the road to Mountain View. This is probably the first case of buying a whole town outright that the annals of the west record.

### Studebakers Sued For \$10,000.

Wabash, Ind., June 6.—A sensational suit for alienation of a wife's affections was filed here in the circuit court. The plaintiff is Samuel T. Markley, whose home is at Elwood, Ind. He asks \$10,000 damages from his wife's parents, Mr. and Mrs. Abram Studebaker. In 1897, Markley moved to Vera Cruz, near the residence of the Studebakers, and he claims the defendants then began to systematically poison his wife's mind against him and that, in consequence, she left him and has ever since refused to live with him. The Studebakers are wealthy and prominent.

### Will Be Lynched If Caught.

Tuscaloosa, Ala., June 6.—Rufus Hubbard, who was wounded by Alex Hill, the negro who killed Mrs. Hubbard at the same time, is dead. After committing the crime, Hill and his partner, McElroy, pillaged the house and escaped. A posse of 100 citizens accompanied by bloodhounds, are on his trail and a lynching is promised. Mr. Hubbard loaned Hill some money with the understanding the negro was to work it out. This the negro refused to do.

### Department of Texas Restored.

Washington, June 6.—By directions of the president, acting secretary of war has issued an order for the reestablishment of the military department of Texas, and assigned Colonel Chambers McKibben of the Twenty-first infantry, to the command of the department. Colonel McKibben is now on duty at

### Famous Composer Dead.

Vienna, June 6.—Johann Strauss, the famous composer, is dead.

### Both Native Factions Disarming.

Apia, Samoa, May 31, via Auckland, New Zealand, June 6.—Both native factions, the Maliotoans and the Mataafaans are disarming. Mataafa has surrendered 1800 guns.

### Cash Drawer Rifled.

Tyler, Tex., June 6.—Some one entered Marks' restaurant and rifled the cash drawer of the small change. Marks at the time was asleep in a chair in front of his place.

### PROPOSALS.

Sealed bids will be received at the president's office of the A. and M. College until 2 o'clock p. m. Saturday June 17th 1899.

1st. For fresh beef, pork and mutton to supply said college during the ensuing scholastic year. The beef furnished must be corn fed for the months of January, February, March and April. All pork to be corn fed.

2nd. For three thousand (3000) cords of good, merchantable wood, to be delivered on the college grounds at such place or places as may be designated by the president, and subject to his approval as to quality and measurement.

A certified check for \$250 must accompany each bid as a pledge of good faith and ability of bidder to make a satisfactory bond in a sufficient sum to insure faithful compliance with the contract.

The right to reject any and all bids reserved.

"TIME IS MONEY."

"The Longest Way Round Is Sometimes The Quickest Way Home."

These wise old saws apply to the new fast train service now in effect via the Great Rock Island Route, while not the short line everywhere, we "get there," which is the main point to be considered.

A whole business day saved is one argument. A maximum of comfort by reason of thorough service, modern equipment; rock ballast; in short, an up-to-date railway, are several other arguments to assist you in deciding how and via what route to purchase tickets.

The new schedule is as follows: Leave Fort Worth, 8:25 a. m.; arrive Lincoln, 7:10 a. m.; arrive Omaha, 9 a. m., connecting at latter point with train through Iowa; arriving Des Moines, 4:39 p. m.

If President McKinley's new civil service order is right it ought to have been issued two years ago. If it is wrong it ought not to have been issued at all. With characteristic vacillation, Mr. McKinley has taken just the right course to show that he is doing what he believes to be wrong.—Albany Argus.

"Here is a terrible thing," commented the Young Thing, looking up from the paper. "A young man attacked his wife with a poker and was only stopped by the screams of the woman, which attracted a passerby, who summoned the police." "Ah, a poker game," replied the major. "The gentleman 'passed,' the lady 'saw him' and 'called.'"—Courier Journal.

The habit that some men have of gazing at men who happen to be on the street, is becoming a decidedly obnoxious thing. It is quite natural for men to admire pretty women, but it is very rude and annoying to women to be gazed at by men on the streets from the time they get in sight until they go around the corner or get out of sight.—Weatherford Democrat.

### A Band Benefit.

The concert to be given by Miss Sue McLelland's music pupils at the opera house Thursday night will be for the benefit of the new band. A highly entertaining program has been arranged and those who attend may be sure of a pleasant evening, as well as the satisfaction of encouraging by their presence the pupils of the class and aiding in the equipment of the band. Miss McLelland's concerts always possess a high degree of merit in the selection and rendition of the numbers on the program.

The matron of a children's home at Wichita, Kansas, has received a letter from an old man who wants to adopt a child. "Send one," says the old man, "that will laugh and cry and get into mischief. I am 58 years old and I would give the world for a child that will laugh and get in my way and bother me. We'll give it a good home. I have raised five children, but they are all gone now, and I can tell you there is nothing so sweet as the bother of children."

A special from Waco to the Galveston Tribune says that friends of Judge Sam R. Scott of the 54th judicial district, whose home is in Marlin, say he will be a candidate for congress from this district against Hon. R. L. Henry. It is also rumored that there will be other candidates in the field for the Democratic nomination, and among the prominent men in the district mentioned in this connection are Hon. T. S. Henderson of Cameron, and Senator Patterson of Bell county.

### COLORED MASONS.

Important Work for Their  
Grand Lodge Meeting  
at Bryan.

Sherman, Tex., June 6.—The colored Masonic grand lodge of Texas will meet in Bryan on Tuesday, June 13. In addition to the usual routine work, an important matter will be called up and settled, to-wit: The location of the colored Masonic orphans' home and school, to be located on a farm, and at which all pursuits of life are to be practically taught, it being the intention of the promoters to make it a model industrial school. Grand master J. W. McKinney of Sherman, in speaking of the matter to-day, said: "The situation is now an assured fact, and I am encouraged to believe that Sherman stands a reasonably fair show in the contest. However, every point asking for it will be fairly treated."—Galveston News.

### MELVILLE TO BE HONORED.

Columbia University Will Give Him Honorary Degree of Master of Science.

Washington, June 6.—Honors are being heaped on Rear Admiral George W. Melville, engineer-in-chief of the navy, who started for New York to receive the honorary degree of master of science from the Columbia university at the commencement exercises this week. This distinction has been conferred by the trustees of that institution in a letter to the admiral informing him of the fact. President Low before starting for the Hague, said:

"This is the first time in the history of the university that this decree has been conferred, and it is intended to make it the honorary equivalent for men of scientific achievement of the decree of doctors of laws."

On the same morning the Columbia will confer the degree of doctor of laws upon Governor Roosevelt and Carl Schurz.

### BROOKE HANDICAPPED.

Absence of Officers Causes Those on Duty to Have to Work Hard.

Havana, June 6.—Governor General John R. Brooke is seriously handicapped in his administration of affairs in Cuba, because of the absence of a large number of officers from their regiments. In a cablegram received at the war department he complains of its action in extending the leaves of absence to their homes on short vacations. Not only does the absence of a full quota of officers materially increase the labors of those who are on duty, General Brooke states, but it demoralizes discipline in the ranks. The war department will hereafter be more rigid in the rules governing leaves of absence.

### Assaulter Sentenced.

Vienna, Ga., June 6.—John Hannonway, who attempted to outrage the little daughter of N. L. Christmas, pleaded guilty in the special sessions of the county court here. He was given the limit of the law and was sentenced to 20 years in the penitentiary by Judge Littlejohn. Two hours later he was on his way to Macon, where he will be kept until assigned to a convict camp.

### Libel Suit by a Negro Politician.

Guthrie, O. T., June 6.—John W. Capers, a negro politician, who was defeated for the office of city clerk at the last election, has filed suit against the Daily Leader for \$7500 damages, for libel, claiming that The Leader caused his defeat and damaged him in that amount by charging him with killing a man and with attempting to rob a grave.

### Products of the South.

New York, June 6.—An exposition of the natural and manufactured products of the south will take place at the Grand Central palace, New York, commencing Oct. 25 and ending Dec. 1. The enterprise is endorsed by the Merchants' association and other mercantile bodies, and is under the management of the Southern Exposition company.

### Child Dies from Hydrophobia.

St. Joseph, Mo., June 6.—The 4-year-old daughter of C. O. Smith died from rabies, after 24 hours of terrible suffering. She was bitten 10 times by a pet dog on April 28. The wounds were cauterized at the time. The child's father and brother were also bitten before the brute could be killed.

### Pig Iron Again Advances.

Pittsburg, June 6.—Still billets and pig iron have again advanced. The price of still billets is now placed at \$31 a ton. It is said by prominent steel brokers that it was very hard to fill orders on account of the heavy demand. Less than six months ago steel billets sold for \$15 ton.

### The Plague at Cairo.

Cairo, June 6.—The total number of plague sufferers in Alexandria is placed at 14, of which two are dead. Four cases were cured. Four new cases are reported, but no new cases reported elsewhere.

### Dewey Sails for Home.

Washington, June 6.—Admiral Dewey's flagship Olympia sailed today from Hong Kong for Singapore, returning to the United States.

### Bland Still Very Sick.

Lebanon, Mo., June 6.—There is no material change in the condition of Representative Bland. He is still critically ill.

Farmers who have planted the improved cotton seed distributed by The Eagle this season are beginning to drop in and tell us about the growth and appearance of the plant, in most cases being pleased with it. We want to hear from more of them—in fact, from all who have planted this seed. Please let us hear from you, gentlemen.

Mr. G. E. Orr of Peach Creek, near Millican, paid The Eagle a pleasant call yesterday. Mr. Orr is rather an extensive planter of ribbon cane for a small planter, having had 7½ acres in last year, from which he made over 3000 gallons of syrup. Mr. Orr said the cost of making up that much syrup last year was over \$400. His crop will be smaller this year, on account of the seed having been killed.

## SUIT FOR DAMAGES.

Louisville Tobaccoist Sues Several Firms for Ruining His Business.

Louisville, June 6.—W. H. Tate has begun suit against the Drummond Tobacco company and others for \$125,000 damages. He accused the defendants of declaring a boycott against his tobacco warehouse and ruining his business.

The other defendants are the Wilson-McCallay company, the Liggett & Meyers company, the P. J. company and the Harry Weissinger company. A number of local firms of brokers made parties to the suit. The defendants named are alleged to constitute the Manufacturers and Buyers' Association. The petition charges them with conspiracy to ruin the business of the plaintiff by refusing to buy tobacco at his warehouse. It says that the plaintiff had a business worth \$100,000 with an annual income of \$25,000, but he was forced to quit business on account of no patronage, which was induced to revert to other warehouses. The case will attract widespread attention.

## PROFESSOR SHOT DOWN.

Charles Ledbetter Killed at Hallettsville by Charles McMurray.

Hallettsville, Tex., June 6.—As Prof. Charles Ledbetter was crossing the street between Rosenberg Bros. store and the Lavaca County National bank, Charles McMurray, standing not far from the courthouse, fired three shots at him with a Winchester, two shots taking effect. Ledbetter fell dead in the street. Sheriff Bennett at once arrested and jailed McMurray. McMurray is aged about 20 and had accompanied his mother to town to attend to some probate business in the county court.

Last March Ledbetter shot and killed Sam McMurray, father of Charles, on his farm near Chinier. The difficulty growing out of school trouble between Ledbetter and McMurray's children.

Ledbetter was indicted in April and admitted to bail and case continued.

## FIVE YEARS FOR BEELER.

Convicted of Alleged Embezzlement from Wells, Fargo & Co.'s Express

San Antonio, Tex., June 5.—Charles A. Beeler, charged with robbing the Wells, Fargo & Co. express of \$50,000 on Dec. 28 and fled to Mexico, where he was captured in the mountains after a three month's search, was sentenced to five years in the pen.

The offense came under the category of embezzlement of over \$50, the punishment being from two to ten years.

He fought the case, his attorneys laying special stress on the proposition that the theft of \$50,000 from a corporation like the express company was not deserving of severer punishment than the theft of \$50 from an individual.

The jury returned its verdict in half an hour.

## ARKANSAS TRAGEDY.

Two Men Killed and Another so Badly Injured He Cannot Live.

Fayetteville, June 6.—A courier reached here from Strickler, an interior village, 10 miles south, and states that in a difficulty there two men were killed instantly and one other fatally stabbed.

Jim Herrick shot John Hinkle with a shotgun. Hinkle returned the fire and both men fell dead. A younger brother of Herrick then assaulted a brother of Hinkle with a club, and was in turn stabbed so seriously that he cannot live. The men were all associated in the live stock business and the trouble resulted from the settlement of some joint transactions. The surviving Hinkle is under arrest.

## FIGHT WITH ROBBERS.

Sheriff's Horse Shot from under Him by the Wilcox Robbers.

Casper, Wyo., June 6.—Sheriff Oscar Heistland, of Matron county, has arrived here and reports a fight between his posse and the train robbers who dynamited the Union Pacific express car near Wilcox, Wyo., about 30 miles from Casper. Shots were exchanged at a distance of half a mile. Sheriff Heistland's horse being killed at the first fire. The posse under command of Sheriff Hazon of Converse county continued after the flying outlaws, and Heistland walked several miles before securing a horse to ride to Casper. He says there is no doubt that the robbers are part of the notorious "Hole in the Wall" gang, and that they are enroute to their rendezvous.

## RETURN OF DREYFUS.

Taken from His Prison and Is Now Waiting for the Cruiser Sfax.

Paris, June 6.—A dispatch from Cayenne, capital of French Guiana, says that Dreyfus was Monday transferred to the military authorities. He will stay on the Ile Royale until Thursday, when he will embark upon the French second class cruiser Sfax in the roads of Ile Royale.

## THE PHILIPPINE WAR.

**Mr. Schurman Wants to Grant Filipinos Further Concessions.**

## PRESIDENT OPPOSES.

**General Otis Given Instructions to Fight Through the Rainy Season—More Men to Go to Manila—Rebels Make Nightly Attacks.**

Washington, June 6.—President Schurman, of the Philippine commission, in a dispatch to Secretary Hay has, it is believed, recommended more liberal concessions to the Philippines with a view of ending the insurrection at once. An official acquainted with the message said it reviewed the situation in the islands and was of an encouraging nature. The dispatch was considered by the president and Secretary Hay, and the president has sent a reply. The nature of the answer is not divulged.

It is significant, however, that coincident with his message to Mr. Schurman a cablegram was sent to General Otis with instructions in line with these the president believes will restore peace by the complete subjugation of the Philippines. General Otis will continue his military operations throughout the rainy season. It is apparent that the president does not look for the close of hostilities until the Filipinos are convinced of the military superiority of the United States. The concessions already offered are liberal, the administration believes, and as far as the president can go without authority from congress and it is doubtful if the new propositions made by the commission have received his approval.

The war department is preparing plans to send the 6000 men needed by General Otis to make up the 30,000, which he says he must have in order to control the situation. Regiments will probably be withdrawn from Cuba and Porto Rico sufficient, with other regulars to be taken from the United States to make up the number desired.

General Otis advises the war department that the Oregon regiment will leave for the United States this week. They will be sent direct to Portland, Ore., for muster out at Vancouver barracks.

The state department has received word from the cable company operating in the Philippines, that the cable to Cebu is now open for business.

## PHILIPPINE REBELS.

**They Continue Nightly Attacks on American Soldiers at Various Points.**

Manila, June 6.—The rebels on Saturday night made an attack upon the friendly town of Macabebe, and after driving the inhabitants out, burned the town. The insurgents nightly annoy the troops at San Fernando. Several Americans have been slightly wounded recently. The enemy have several large Krupp guns which they bring forward and use for firing large shells into the town, then retreating with their guns. One of the shells fell within 30 yards of General MacArthur's headquarters Saturday evening. The American troops do not reply to the nightly outbreaks.

The American forces have occupied the peninsula and General Hall's column is encamped at Morong. Major Truman, marching across the Binangonan, found it impracticable to form a cordon and the insurgents, with the exception of a hundred or two, escaped through the mountains after General Pio del Pilar, dragging their battery by buffaloes at night. A few, however may be trapped.

The Washington troops have returned to Pasig, but the other troops is uncertain.

The present expedition shows the difficulty which is encountered by an army which must depend upon wagon trains in catching barefooted bandits in their own mountains and also gives proof that the rebels do not intend to fight battles.

General Hall left Santa Teresa Thursday morning and marched 12 miles to Morong, up and down rocky hills and through woods and swamps. Scores of his men fell out owing to the extreme heat and were left to follow as best they could. The head of the army arrived at Morong at noon, having exchanged only a few shots with the insurgents on their way. Groups of stragglers followed all day, but the force was 200 smaller than when it started. The men were 36 hours without rations and it was a considerable achievement for them to cover the ground they did.

En route to Morong the Americans killed 100 of the Filipinos and flags of truce, of them young men with the bearskins. Many discarded uniforms were found in the houses, apparently of soldiers who had escaped during their costumes from "in" to "amigo" and walking boldly with the army which had expected to them. Few were found about

member of the Washington regiment was killed and two were wounded at the encounter with the outposts.

General Lawton, on board of a gunboat, is searching the coast for Major Truman who stopped at Binangonan, opposite Morong. The natives immediately ran up a flag of truce, but a delegation in canoes put off and greeted the Americans with the usual protestations of friendship.

## WHAT GERMANY GOT.

**She Pays Spain for Islands and Grants Spain Special Privileges.**

Berlin, June 6.—Minister of foreign affairs, Baron von Buelow in the Reichstag made a statement on the subject of the German-Spanish treaty for the cession of the Carolinas, Ladrone and Pelew islands. He said in order to round off the German possessions in the Pacific and in view of the German commercial interests which had long existed in the the Caroline islands, "we considered it our duty to take care of this group so in the event of a change of ownership, they should not be lost to Germany." The minister then read the text of the agreement, which was concluded Feb. 12, last.

1. Spain cedes the Carolinas Pelews and Ladrone islands, except the Island of Guam, the consideration of compensation being 25,000,000 pesetas.

2. Germany concedes to the Spanish trade and agricultural enterprises of those islands the same treatment and facilities conceded to German trade, and concede to Spanish religious orders on the islands, the same rights and liberties as German orders.

3. Spain to establish naval and mercantile coaling stations in the Carolinas, Pelews and Ladrone and to be allowed to retain in case of war.

4. This agreement is to be submitted for constitutional sanction of the two countries and to be ratified as soon as sanction is given.

## Doctors at Columbus.

Columbus, O., June 6.—There are upwards of 1000 strangers in Columbus to attend the fifteenth annual meeting of the American Medical association, and more or arriving by every train. Doctors from all parts of the United States are present and expect the total attendance to reach in the neighborhood of 2500 persons. The first general session was called to order by President Joseph Matthews, of Louisville, in the Grand opera house. After the invocation by Rev. Washington Gladden, an address of welcome was delivered by Hon. Asa Bushnell, governor of Ohio, and Hon. Samuel Swartz, mayor of the city of Columbus.

## Whole Town Fined for Contempt.

Princeton, Ky., June 6.—This town had the unusual experience of the arraignment of every man in it for contempt of court. It happened that a petition was signed by all the men of the town asking the grand jury not to indict insurance companies and no indictments were found. The commonwealth's attorney moved to proceed against the signers for contempt of court. After considerable argument the judge fined each man 1 cent and the decision was applauded by the defendants.

## Nineteenth Back From Porto Rico.

New York, June 6.—The United States transport Meade, having on board the Nineteenth infantry, from Porto Rico, has arrived at Jersey City, where the soldiers were met by many of their friends. The regiment is en route for Camp Meade, where the soldiers will remain until about June 15, then proceed to San Francisco and from there to the Philippines for duty. The men appeared to be all in good health and spirits and anxious to go to the Philippines.

## Going to California.

San Francisco, June 6.—H. H. Byrd of Tallapoosa, Ga., secretary of a colony now being formed in that locality for settlement in California, writes that the organization is growing fast and that it will probably comprise some 700 members. Byrd says that the negroes ask through him whether there is any demand for negro labor in California and in what quarter they would find the most advantageous location and the kindest reception.

## The Conference Ended.

Bloomfontaine, June 6.—The conference between President Kruger and the British commissioner, Sir Alfred Milner, who is also governor of Cape Colony, has been concluded. The president and high commissioners took leave of each other in a cordial manner. They agreed not to publish the result of their deliberations until later.

## To Fight the Trust.

Chicago, June 6.—Printers and lithographers met here for the purpose of taking action against the threatened advance in the price of print paper when the combination of manufacturers of paper is completed. A temporary organization with W. B. Brewster of St. Paul as president was formed.

## GIRLS' INDUSTRIAL EDUCATION.

**Nothing to Keep Them out of the A. and M. College at Bryan—An Estimate of Expenses.**

Greenville, Hunt Co., Tex., June 5.—Hon. V. W. Grubbs gave The News reporter the following letters, which will be of interest to all who favor industrial education of the girls of Texas:

Austin, Tex., May 26.—Hon. L. L. Foster, President Agricultural and Mechanical College, College Station, Tex.—Dear Sir: I regret to inform you that the senate will adjourn without coming to a vote on the final passage to the bill for the establishment of a girls' industrial college, to which I have devoted so much labor during the present session of the legislature.

It is useless for me to refer again to the local selfish interests which conspired with the avowed enemies of the measure to destroy it. I hope I may be able to forgive those who are responsible for the result. In a recent conversation with you, I understood you to say that there is nothing in the organic law of the agricultural and mechanical college to prevent the admission of girls to its benefits and privileges, and that you favored opening the doors of the institution to them without discrimination.

Please give your views in full upon the subject, including an estimate of the expenses necessary to provide for a fair proportion of girls who may desire to avail themselves of its advantages. With the present equipments there are but few studies taught there which could be profitably pursued by them, and I assure you that in the event of their admission, facilities, specially adapted to their intellectual, physical and social condition would have to be provided. Respectfully, V. W. Grubbs.

College Station, Tex., June 3.—Hon. V. W. Grubbs, Greenville, Tex.—Dear Sir: Replying to your inquiries of the 26th ultimo, I beg to state that there is nothing in the organic law of the agricultural and mechanical college to prevent the admission of girls on equal terms with boys, and I am informed that when the college was first organized a few girls who resided on the campus and were related to the professors, were admitted.

To provide equal accommodations for, say, 100 girls, including and equipment, a matron and three teachers of technical subjects for girls, would cost \$40,000 for the first year and about \$10,000 per year for teachers' maintenance thereafter. For additional students, additional room and teachers would be required.

The subjects now taught in the college, applicable to both sexes, are algebra, trigonometry, calculus, English, history, composition, rhetoric, chemistry, German, French, Latin. Technical subjects taught that could and should be taught to girls are: Dairying, entomology, fruit culture, botany, metallurgy, zoology and free hand drawing; in fact there are but few studies taught in the College that might not with equal propriety be taught to girls.

With the question of policy involved in the establishment of a girls' industrial department at the College I have nothing to do. My duties are of an administrative character, and my purpose is to carry out the will of the legislature as expressed by law, and of the board of directors as expressed by resolutions in the minutes of their proceedings. Very respectfully, L. L. Foster.

## NEW DENVER TRAIN.

Road Will Send a Flyer From Texas to Colorado.

Fort Worth, Texas, May 27.—The Fort Worth and Denver railroad inaugurates a new train service beginning tomorrow. A complete new train of pullman sleepers, cafe cars and day coaches leave here in the morning for Denver. The equipment of this new Denver train cost about \$120,000. A party of Denver officials came in tonight and left on a pleasure trip to Galveston; it is composed of B. L. Winchell, vice president of the Colorado Southern, and wife; J. P. Douglass, general agent of the Denver; D. B. Keeler, vice president of the Denver, and wife; Miss Montgomery of Denver and Mrs. R. E. Montgomery, daughter of General Dodge. In regard to the above the Houston Post of Monday has this to say of the sleeper "Admiral". The finest sleeper that has ever been seen in Houston came in yesterday morning over the Houston and Texas Central, en route to Galveston, with General Passenger Agent D. B. Keeler of the Fort Worth and Denver and a party from Fort Worth on board. The car was inspected by a number of railroad officials, who pronounced it the most elegantly finished and appointed sleeper which has ever come South. It bears the name "Admiral" and has just been turned out of the Pullman shops.
